

Canadian Cattlemen's Association Questionnaire for Federal Parties in Canada's 41st Federal Election

In developing your responses, feel free to refer to the CCA's "Information for Federal Candidates in Canada's 41st Federal Election", dated April 1, 2011, found at www.cattle.ca.

1. What are the priorities for your party in agricultural market access?
2. What are the plans for achieving those market access gains?
3. What will your party do to resolve the Country of Origin Labelling dispute with the United States?
4. What will your party do to continue the work of the Regulatory Cooperation initiative between Canada and the United States?
5. How will your party increase investment in agriculture research in Canada?
6. What is your party's plan to transition to a market based biofuels policy in Canada?
7. How does your party plan to collaborate with cattle producers to increase grassland resilience, improve biodiversity conservation and improve wildlife habitat?
8. What are your party's other planned environmental initiatives?
9. How does your party plan to improve the regulatory burden on Canadian cattle producers?
10. What is your party's plan for national business risk management programs for Canadian cattle producers?
11. How does your party plan on reversing the increasing trend of individual provincial business risk management programs that pit producers from different provinces against each other based on provincial budgets?
