[Last chance to contribute to beef sustainability survey!](#)

Canadian Cattlemen's Association - Jan 4, 2022

We hope you have completed the Canadian Roundtable for Sustainable Beef's (CRSB) National Beef Sustainability Assessment survey already. If you haven't, this is your last chance! The deadline for the survey is this Friday, January 7. It will only take a few minutes of your time, and is critically important for the beef industry's sustainability, communication and advocacy efforts.

[New guide to help producers take action on climate change and biodiversity](#)

Canadian Cattlemen's Association - Jan 4, 2022

A new guide is available to producers and landowners looking for technical information and resources on management practices about carbon sequestration, climate resilience, biodiversity and more. In a collaborative effort by Birds Canada, the Saskatchewan Forage Council, Saskatchewan Soil Conservation Association, the Saskatchewan Soil Health and Grazing Summit, and A&W, the Climate and Biodiversity Friendly Production Practices Resource Guide was released to help further conserve grasslands across the Canadian Prairies.

[Farm Management Survey coming in January 2022](#)

Canadian Cattlemen's Association - Jan 4, 2022

Beginning in January 2022, Statistics Canada will be contacting farm operators to complete the Farm Management Survey. This survey is an important opportunity to showcase how farm operators care for the environment while providing Canadians with the agricultural products they want and need.
